May 2024

Resume of activities 2023/24

During the past twelve months the committee has continued to encourage new members and to this end has held social events, including bingo evenings, quiz nights, games evenings, and arranged for local bands and tribute acts to play. The committee will continue with these and evenings such as these will be held every three to four weeks. Monies raised from these events are ploughed back into the association to assist with ongoing repairs. The sports hall is rented for private parties which generate much needed income for the Association.

The Association held a coffee morning in aid of Macmillan which was well attended. A Halloween party for children in the village was also held which was again well attended and it is hoped these remain annual events.

The improvements made to the club during the last twelve months are as follows -

New Patio Doors

LED replacing old lights in the hall area

A new till system

Hall canopy cleaned

Lights on patio installed

New TV in bar area

Outside of building painted

Additional ladies toilet installed replacing a shower that was not used.

A new sign, advertising the Association, has been erected at the top of the drive.

The committee thanks Tandridge District Council and Godstone Parish Council for their continued support.

The Association has a CCTV system and continues to keep this updated as time goes on. Our website (www.sgscsca.club) and our Facebook page keeps members updated with events.

The committee will be refurbishing the bar area with new furniture and fittings during 2024. Regular work parties are held to keep internal facilities updated and keep the exterior clean and tidy.

The committee continues to promote the Association and encourages new members to join and participate in the regular events held.

Sarah Reynolds
Honourable Secretary
